Dear Ms Mañer *Alannah*

Thank you for your email dated 17 October 2018 regarding the winners of the Wakakirri National Awards 2018.

I congratulate the Wakakirri Association for providing young Australians with a story-based performing arts competition for primary and secondary schools. Providing an opportunity for schools to share their works in front of live audiences and online is an exciting initiative. Your vision of encouraging young Australians to be open minded, confident and active through the process of creating and sharing stories is commendable.

I am delighted that schools from across the country were represented as National Award winners, including Sacred Heart Primary School in Western Australia. Their performance depicting *Leonardo's Dream of a Flying Machine* was wonderful.

Congratulations on the success of this year's competition and best wishes for 2019.

Yours sincerely

KAREN WEBSTER
